—BY—
Train & Co's Line.
ENOCH TRAIN & CO., Proprietors of the Boston and Liverpool Line of Packets, hereby give notice that they have made extensive arrangements with the Western Rail Road Corporations, in connection with the Rail Roads in the Western States, and Steamboats on the Lakes, for the forwarding of *pre-paid passengers* from Boston to the Canadas and Western States; and are now selling at their office in Boston, and at their *authorized agencies, pre paid certificates of passage* as follows:

" "	Chicago, Ill.,	25 00
" "	St. Louis, Mo.,	28 00
" "	Milwaukee, Wis.,	25 00

Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the above-named prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.
The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.
In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:
Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.
Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.
As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.
On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.
Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.
TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as OWNERS of the ONLY LIVERPOOL and BOSTON LINE of PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.
In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by these Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE,	Capt. BROWN,
WESTERN STAR,	" THAYER,
FRANK PIERCE,	" MARCY,
PRESIDENT,	" CUMMINGS,
CHARIOT OF FAME,	" KNOWLES,
STAFFORDSHIRE,	" RICHARDSON,
PARLIAMENT,	" SAMPSON,
NORTH AMERICA,	" DUNBAR,
DAN'L WEBSTER,	" HOWARD,
PLYMOUTH ROCK,	" CALDWELL,
SUNBEAM,	" PUTNAM,
LEVI WOODBURY,	" NICKERSON.

These Ships, when in the Line, sail from Boston on the 5th of each month, and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.
OFFICES:
Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts.
Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.
Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.
Train & Co., No. 121 St. Patrick Street, Cork, Ireland.
These magnificent Ships are ALL AMERICAN BUILT and constructed expressly for Packets. They are all new and of the FIRST Class, being built on the most improved principles and of the best materials. They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.
The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America.
As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.
As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.
We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

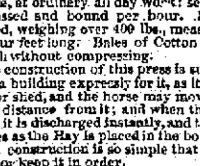
HAY PRESS.



THE IMPROVED PATENT LEVER RAILWAY PRESS EXCELS all others now in use for pressing Hay, Cotton, Hemp, Wool, Hops, Rags, &c. &c., and will be warranted to perform well and do double the work that any other press can with the same number of hands, with less than half the draught; a small boy can attend the horse, and the running back of the follower with ease. The time required in running up the follower, is fifteen seconds. A bale of Hay can be pressed in less than one minute, at ordinary all day work: seven or eight bales can be pressed and bound per hour. Bales of Hay can be pressed, weighing over 400 lbs., measuring two feet square and four feet long: Bales of Cotton can be made compact enough without compressing.
The construction of this press is such that it does not require a building expressly for it, as it may be placed in any barn or shed, and the horse may move in any direction, or at any distance from it; and when the bale is ready for delivery, it is discharged instantly, and the follower gradually recedes as the Hay is placed in the box.
The construction is so simple that any man can make a Press, or keep it in order.
The travel for a horse, in running up a bale, is fifty feet, while in a screw press, the travel is one mile and a half in running the screw up and down. I have three new Presses now in operation, either of which can be furnished to order at a cost of about $150 each, or a model to build by if preferred.
REPORT OF THE PREMIUM COMMITTEE OF THE AGRICULTURAL SOCIETY OF NEW YORK.
"The Lever Railway, Hay and Cotton Press, is a machine combining great power, convenience of operation, and constructed on true philosophical principles, and is a great desideratum to the river counties, and all places not contiguous to market, and also to cotton and hop growers; and the Committee think they do not exaggerate when they say it is, in their opinion, the perfection of machinery for that purpose. The Committee therefore award a premium of $5."
The Press, with the right to use it, can be purchased at less than half the cost of any other Press now in use. For rights for a single Press, or Towns, Counties and States, application should be made to the subscriber.

NOTICE TO BUSINESS MEN.

The circulation of the Daily Sentinel is by far the LARGEST of any daily paper published in the State; and presents greater advantages to Merchants, Mechanics and Artisans, as a medium of Advertising.

All Advertisements appear in the Tri-Weekly Sentinel, without additional charge.

The Weekly Sentinel has now a circulation of over two thousand copies, which is constantly and rapidly increasing. Advertisements put in the Weekly at the same rates as in the Daily.

Price of the Daily $6,00, of the Tri-Weekly $3,00 and of the Weekly $1,00 per year, payable in advance.

The Sentinel for the Session.

OUR STATE LEGISLAURE convenes at Madison on Wednesday, January 11th. The Session will be we trust, a brief and busy one. There is no reason why it should be prolonged beyond six, or eight weeks. As usual, the readers of the SENTINEL will be kept fully posted as to all that transpires there. Mr. Watson, one of the Editors of this paper, will be in attendance at Madison, throughout the Session, and in addition to his DAILY CORRESPONDENCE, we shall publish

Daily Telegraphic Reports of Proceedings.

We will furnish the SENTINEL to Subscribers, in and out of the Legislature, during the SESSION, on the following TERMS:

DAILY, (for eight weeks,)	- -	$1.00
TRI-WEEKLY, " "	- -	50
WEEKLY, " "	- -	25

The readers of the SENTINEL, besides getting the fullest and earliest intelligence from Madison, will also receive the LATEST NEWS from other quarters.

☞ *Orders for the Daily, Tri-Weekly, or Weekly, for the Session, or for a longer period, must be accompanied by the Cash.*

Will our friends of the Press and others aid us in circulating this notice.

News by Telegraph.

A variety of interesting intelligence will be found under the Telegraphic head. The rumored declaration of war, by France and England, against Russia, will, if confirmed, make stirring times on the Continent. There is great reason to fear that the new steamship *San Francisco*, on her way to the Pacific, with 8 companies U. S. Troops (3d Artillery) and a number of Officers with their families, has foundered at sea with all on board. The Erie Rioters continue to defy the law, and brave public opinion. It is to be hoped, however, that they will shortly be brought to terms. The New York Market of Saturday shows a decidedly upward tendency.

Work for the Legislature.

The Madison *Journal* promptly seconds our suggestions as to certain matters which require the attention of the Legislature. It rather *slurs*, however, the proposition to publish the laws in all of the newspapers of the state, and quotes a paragraph from the Kenosha *Telegraph*—the only paper in the state which has opposed this salutary measure—to show that there is "as much pelf as patriotism" in demanding its passage.

The State of New York pays $50 per annum to each paper, to secure the publication of the laws, and the consequence is that, throughout the state, papers in every county publish them, the $50, honestly earned, not being considered beneath the notice of their conductors. It is very true that *many* of us publish *most* of the general laws now; but the act demanded would secure the publication of *all* the laws in many more papers, and thus bring them to the knowledge of the people.

The *Journal* favors the creation of the office of "State Auditor," and we very heartly second the suggestion, believing that the selection of a competent officer to audit the hundreds of final accounts against the State would save thousands of dollars annually. We are sure that every one who has marked the progress through the Legislature of a bill for the payment of some small sum, of say $5 or $10, will agree with us. It goes from committee to committee, and from house to house—it is referred, and reported, and referred back and amended, and passed, and reconsidered, and debated, and fought and fussed about, until it has cost the State forty times its face. It would be cheaper for the State to pay $50 to every claimant of half that sum, than to allow the claim to go before the Legislature.

As to another reform demanded by the *Journal*, we copy its own language. Presuming that the *Journal* is advised correctly upon the subject, we commend it to the attention of the people and their representatives;

Take, for instance, the exorbitant and unconstitutional fees of the Commissioners of School and University Lands. The Secretary of State, Treasurer and Attorney General, are *ex-officio* such Commissioners, by provision of the constitution. The Revised Statutes fix the salary of the Sec'y of State, at $1,200 per annum, and of the Treasurer and Attorney General at $800, and declare in express terms that these salaries shall be in full for all services, both as such officers, and as members of the Board of Commissioners of the School and University lands. There is one exception to this in the Revised Statutes. The Secretary is allowed twelve cents per folio for copies of any papers in his office, the proceeds of which are to be devoted to paying his clerk hire. It is notorious however, that in no instance has this law been obeyed. The Legislature have annually appropriated from $600 to $1,200 for clerk hire in that department, and the officer has pocketed the fees from his source. In the capacity of Commissioners of School and University Lands, the Secretary and Treasurer charge twenty-five cents each for each certificate of sale. This, we believe is a legal charge, but was intended to be used for the payment of clerk hire. The officers, however, pocket it and call on the Legislature to pay their clerks. Again, each certificate of sale has to be acknowledged before a notary, whose fees amount to 75 cents for each certificate. Of course one of the clerks is notary, and thus one dollar and twenty-five cents goes into the pocket of the clerks, or officers, for each certificate of sale. When the amount of such lands which is annually sold, is considered, it will be perceived that these fees would make a very decent salary alone, for almost any man.—But in addition to this, three dollars are charged as fees on every loan of school money, without the first shadow or pretence of legality. It would be a fair estimate, and probably below the mark, to set down the sum which has accrued from these sources since the commencement of the sales of these lands, at from $15,000 to $20,000. It might be safely calculated that it is at present equivalent to at least $6,000 per year, or the handsome little sum of $2,000 apiece to the Commissioners, in addition to their regular salaries.

Questions Asked and Answered.

The Fond du Lac *Union*, in reply to the pressing demands of the *Herald*, for specific information as to the condition and prospects of the R. R. V. U. Rail-Road, says that the "death-like stillness which rests upon the track," is solely attributable "to the depth of the snow," and that the "unavoidable circumstances" which have prevented the Company from reaching Watertown this year, "are probably the same" as those which prevented the M. & M. Rail-Road from reaching Madison by the 1st instant. Lest this should not be altogether intelligible to its readers, the *Union* adds:

The "*illness*" of the contractors referred to above (on the M. & M. Road) is doubtless *the same complaint* as the contractors on the Valley Road have recently suffered viz: "*An indisposition*" to proceed with the work much faster than the company furnishes the means to pay therefor.

This is a very frank and explicit avowal of the cause which stopped the Valley road, to-wit, *the inability of the Company to pay their Contractors*. We are happy, however, to assure our friends of the *Union*, that such was *not* the "complaint" which afflicted the Contractors on the M. & M. Rail-Road. Their money has been and is ready for them, as fast as their work is done.

The *Union*, naturally anxious to change the subject and create a diversion, says further:

By the by, we have seen stockholders in the Milwaukee & Mississippi R. Road, who were also "in pursuit of knowledge under difficulties," in regard to the terms, conditions, and parties interested in the Catlin contract. Will the Sentinel relieve the anxiety of these gentlemen, by telling what it knows on this subject?

All the *Sentinel* "knows on this subject" is, that the forthcoming report of the Directors of the M. M. R. Road, contains the information desired, and will "relieve the anxiety," as well of the "Stockholders" referred to, as of our Fond du Lac contemporary.

EARNINGS OF THE GALENA RAILROAD.—We learn that the earnings of this road for the last month are about *sixty nine thousand* dollars. The exact figures are not yet reached; but this is about the amount. We learn also that the road has earned thirteen per cent for the last six months; but that the company will only declare a dividend of ten per cent, reserving the balance for their air-line operations. Where is the eastern railroad that can show a similar result? But this is only what the Galena railroad is accustomed to do for its stockholders.—*Chicago Dem. Press.*

The Milwaukee and Mississippi R. R. is another striking illustration of the productive capacities of Western Railroads. Altho' an isolated road, as yet, extending 60 miles into the interior of our State, the Annual Report of the Directors for the year past closed show its earnings to have been about *sixteen* per cent. A dividend of *ten per cent*, payable in Stock, has been declared by the Board.

☞ The Janesville *Gazette* insists that it was correct in its statement that Mr. Sanderson is sending his flour to Chicago "in consequence of the high freight on the Milwaukee road." We still insist that our petulant friend of the *Gazette* is and was wrong, and cares very little whether he is right or wrong, so long as something can be said at the expense of the "Milwaukee road."—If it were not that there are a good many people of quite another sort in Janesville, we should heartily rejoice if the proposed arrangement could be made between the different railroads as to avoid the grumblers altogether, and allow them to set up an independent nation. We are glad to know that the number of sensible people is largely on the increase there,

SCHOOL STATISTICS OF NEW YORK.—From the Annual Message of the Governor of New York we learn that the amount of the Common School Fund on the 30th of September last was $2,383,257. The amount appointed during last year was $1,101,240, $800,000 of which was the avails of the State Tax,

The whole number of pupils taught in the district schools was 866,935. The number of volumes in the schools libraries was 1,604,210, and the amount paid for teachers' wages was $1,931,870. The total amount expended for common schools during the year was $2,469,248.

CLEVELAND HERALD.—This staunch old Whig paper commences its 35th year with a dress of sparkling new type from the Foundry of N. LYMAN of Buffalo, The *Herald* says, justly;

Commencing with no capital save his industry, Mr. Lyman has *worked* up an extensive establishment and secured a large and rapidly increasing business, which rewards his labor with the return of profit and wealth it has so well deserved.

Western printers will find a full supply of LYMAN's type for sale at the office of the *Daily Sentinel*.

DEATHS IN CHICAGO.—The number of deaths reported in Chicago for 1853 was somewhat less than that for 1852, the total being about 1100. The following are the principal causes of death:

Consumption,	198
Teethings,	111
Scarlet Fever,	34
Diarrhoea,	30
Dysentery,	59
Typhoid Fever,	27
Unknown diseases,	181

A POINT TO BE SETTLED.—Mr. O'CONOR, U. S. District Attorney in New York, has been instructed by the general government at Washington, to make an issue by which a decision can be finally had from the Supreme Court of the United States, upon the power of the State Courts to take parties out of the custody of the United States by writ of habeas corpu

☞ The N. Y. *Herald* states that an abusive "document called a military review of or history of Gen. SCOTT's career," which appeared in its columns during the Presidential campaign of 1853, was written by Gen WILLIAM L. MARCY, and brought to the *Herald* for publication by Mr. PENN, Democratic Member of Congress from Louisiana.

A GOOD JOKE.—The city authorities of Marysville, California, recently passed an ordinance for the removal of outside stairs in that city. While the Council was in session a few days subsequently, the stairs leading to the Council Chamber were removed, and the dignified members of that body, according to the *Herald*, were compelled to "shin" down the posts of the building.

☞ The Fond du Lac *Union* and Monroe *Sentinel* call for the repeal of the Small Bill Law. We believe that public sentiment very generally throughout the State seconds this call.

Correspondence of the Sentinel.

Waupun, Dodge Co., State Prison.

Messrs. Editors

At this village the State Prison is the greatest point of attraction to the visitor, and I believe will furnish a topic of more than common interest to the readers of the *Sentinel*. The prison stands on the lands donated for that purpose to the state, and is within an enclosure containing an area of five square acres. Around this piece of land is a fence precisely similar to those used on the Milwaukee and Mississippi Railroad where it passes close to the common highway—a post and board fence, I believe, 12 feet high, with a walk for the Guards around the whole of it, so that when walking the sentinels can overlook the whole of the yard and workshops. The main prison, which contains the cells, office, warden's rooms, matron's do., chapel, kitchen, &c., is a common clapboarded building, bearing a stronger resemblance to Higby's old warehouse in Milwaukee than anything else I have seen. It has sixty cells, twenty having been recently added, to accommodate the increasing numbers of convicts brought. In the yard is a stone-cutting shop 150 feet long, about 14 feet wide, in which from 25 to 30 convicts are employed cutting stone; a joiner's shop, blacksmith do, shoemakers do, and a tinner's and tailorshop. There are now confined in the prison sixty convicts, five only of whom are women.

Through the kindness of the Warden or Commissioner, Henry Brown, Esq., and also his assistant, Mr. Donaldson, I was permitted to go everywhere through the building—to converse with the prisoners, (a keeper always being present at every conversation) to ask them what led them to the commission of their crimes, and frequently, what were their prospects when they get out; would they reform and become good members of society, &c. An extended description of the buildings, &c., would be of no interest to your readers, for they have often been described and by abler pens than mine. In visiting prisons, I think the visitor should have a far better object in view, than the one of simply gratifying, as is too often the case, a mere morbid curiosity to see his fellow creatures, who have been so unfortunate as to be guilty of dark and bloody deeds, and to be confined in prison, and to be subjected to the cruel and inhuman "Silent System" adopted here, as well as in other State Prisons. In my next I will give you a few ideas on the plan, based upon much reflection, and I think they may be read and reflected on; well knowing that when facts are thrown before the public, they will do good. It is often remarked that our prisons and jails are filled by those of our citizens who are of foreign birth; that, as it is said often in Milwaukee, "it is these Irish and Dutch that fill the jails and make such heavy taxes." I send you a statement accompanying this correspondence, of the number that have been received into prison since it was first constructed—their crimes; their countries; their trades &c.; and a glance at that will show how entirely false are such assertions, made hastily and without reflection. A gentleman who observed me when I was making out the statement, and whose remarks will tell his native country observed, "Well I think the 'country borns' have done pretty well here, anyhow." It will be seen that Wales and Canada have only sent one each; while on the bosom of the Atlantic ocean was born one of the female convicts, from the City of "Yellow Brick," the woman who was convicted before Judge Hubbell, and who remarked that she thought the judge was very *severe* in his sentence of twelve years,—"Old Meliss," It will be seen that the number of those born in the U. States is more than double, and nearly *three* times as many as the largest number from any other country. You will also observe that Sheboygan County has not yet sent one to the State Prison. Can any other County, half as old, say the same thing?

While in the building, and around among the convicts, I was surprised to see that none of the keepers were armed; the guards only, four in number, who are on the east side, on the fence, carried muskets with fixed bayonets, and I understand have also Colt's revolvers. On enquiring of the officers, I found they assigned as the reason, that they felt safer without than with arms, as in case the convicts made a break, they would first disarm the keepers, and then use the arms to liberate themselves, but that they kept their arms where they could lay hands on them when they wanted them. I hope they have adopted a right view, but if the keepers can defend themselves as well without weapons as with them—if they can conquer or kill the convicts should they rise or attempt a break, as readily or as surely by having to go a distance of several rods for their arms, while the convicts have each a stone hammer and a stone axe, with either of which they could at one blow slay their keeper, then am I entirely mistaken in judging this matter. I, of course, have reference here, to the stone shop with its 30 inmates, and *three unarmed keepers* to watch them, and the blacksmith shop with only one unarmed keeper and he, too, if I am not altogether mistaken, a man who would be loath to shed blood, except in a most extraordinary case and for self defense.

In the female department I found the Matron, Mrs. Phelps, with her five convicts, of whom she has charge. Here was the only "sunny spot" in the whole place, which was made almost cheerful by a short conversation with the Matron, whose firm kindness of manner, which, while it conquered and kept subdued the prisoners of which she has the care, disarmed them of all resentment towards her as their keeper. It at once struck me with this idea, that if the convicts then before me, had had such a mother to guide them in infancy, they would never have been inmates of a State Prison. I find that is the opinion of the Matron, with everybody with whom I have since conversed. The new Commissioner will soon be here, and he may change the officers as doubtless he will, but in a Matron he cannot change for the better. I will write again, from here.

MUNGER of Waupun Dodge Co. The weights are, 406, 477, 527, 415, 482, the total weight of the five was 2307 lbs. On Tuesday 3d Jan., SILAS MARSH Esq. of Trenton, Dodge Co., brought into Waupun and sold to J. F. SMITH, five hogs of the following weights, 390 387, 368, 362, 332 and 327, total 2166 lbs. These were about the same age as the other lot, and were weighed in our informant's presence. In both cases 4 cts per pound was paid for the Pork. Is there anything in the State that has beaten this? One of the first lot of hogs, littered during last summer, and the litter of six hav been fatted, and weigh 200 lbs. each.

NEW YORK WHIG LEGISLATIVE CAUCUS.—The New York Legislature assembled at Albany on Tuesday last. The following officers, agreed upon by the Whigs in Caucus, were duly elected: *Assembly*, ROBERT H. PRUYN, of Albany, Speaker R. U. SHERMAN, Utica, Clerk; NICHOLS, of Chenango, Sergeant-at-Arms, DAVIS, of Oswego, Doorkeeper; ELLSWORTH & LEWIS, Assistants. *Senate*, HUGH J. HASTINGS, of Albany (editor of the *Knickerbocker*) Clerk; J. G. GARLINGHOUSE of Ontario, Sergeant-at-Arms; H. M. EATON, of Warren, Doorkeeper; LULL, of Erie and BEECHER of Steuben, Ass'ts.

APPOINTMENTS IN STATE PRISON.—Mr. STARKS who arrived at Waupun, on Wednesday night, has appointed Michael Kane, formerly jailor at Portage City, to be gate keeper; Mr. Schreck of the 2nd Ward, Milwaukee, to be stone cutter, and Joseph Bardwell, of Watertown, Jeff Co. Turnkey. These are all the changes made yet, though numbers are in attendance urging their claims.

TAKING ILLEGAL TOLL.—The several suits against the Milwaukee and Watertown Plank Road Company, for taking higher toll than the law allows, which were tried in this city last week before Justice SMITH, and the evidence and points of law involved, reported in our columns, have all been decided in favor of the complainants.

PUSH ON FOR THE PINERIES.—The Stevens Point *Pinery* has the following;

MILWAUKEE & FOND DU LAC RAILROAD.—The company as we perceive has iron sufficient to lay 22 miles of the track; the whole grade is under contract. With this road completed and the steamer Peytona making daily trips from Gills Landing to Fond du Lac, we shall be able to congratulate the Milwaukeeans on having it in their power to escape from their solitude and simplicity, and come and see Steven's Point and the rest of mankind.

The Great Snow Storm at the East.

The great snow storm of Tuesday, Dec. 29th, is represented by the Eastern papers to have been one of almost unprecedented severity. The snow completely blocked up the passage of trains on the various railroads leading to Boston, and all of the mails were entirely intercepted. The snow in the streets of Boston drifted to the depth of five feet, and along some of the sidewalks was cut down, leaving a solid wall on either side ranging from three to five feet in height. A train of three locomotives and one or two cars having started out on one of the Boston roads, encountered a snow drift that proved too much for it. The train was unable to proceed, and the snow soon drifted over it, the wood and water being exhausted and the fire being put out. The express train which left Boston at 8 o'clock had two engines, but only reached Framingham, 24 miles, at 1 P. M. There it got an additional engine, and proceeded a mile and a half farther, at which point it stuck fast in a big snow drift, and could get neither forward or backward. And here, with frozen up engines, the train, with over sixty passengers, nine of whom were ladies, were obliged to remain from 1 P. M. on Thursday till 9 A. M. on Friday—twenty full hours. The snow was so deep that it was impossible, without great effort, for passengers to wade back to Framingham. Several attempted it, and part of them were frost bitten on the journey.

At the hour mentioned on Friday morning, the train was dug out by an extra locomotive and Irish force, and arrived at Springfield that afternoon, having been over 31 hours from Boston to Springfield. East of Worcester the snow is piled up in high drifts, in some places not less than ten feet deep. In many places in North Chelsea, the snow is full twenty feet for a distance of forty rods. The citizens of the town were obliged to turn out *en masse* to open the paths. The tide rose unusually high in the harbor and overflowed a number of wharves, but caused no great amount of damage. A train of three locomotives left Providence for the Stonington depot in the morning of that day, and got back in the evening, having accomplished during the day *five* miles.—The snow was level with the top of the cars, in several places, for the distance of a quarter of a mile.

From the Richmond Enquirer.

Preston's Reply to Gerrit Smith.

He not only assented to Smith's claim to recognition as a gentleman—he not only gave consequence to Smith's opinions by combating them—he not only saluted his reviler and contemner, and the reviler and contemner of his country, with the courtesy due only to the knight without reproach—but he even bore gratuitous testimony to Smith's character, and paid voluntary tribute to the genius which he had displayed in denouncing every thing which a Southern man must prize and respect! The South will not thank Mr. Preston for this.

Now, did it become a slaveholder to make any reply to such fanatical invective? Could he, with a proper respect for his own dignity and character, descend to a level with the calumniator of his race?

This is "chivalry." Mr. Preston is taken to task because he "descended to the level" of treating a fellow member of Congress like a gentleman!

Washington, once, in the streets where the Richmond Enquirer is published, took off his hat to a negro. But then, the Washingtons, we presume, did not belong to the "first families."—*Albany Journal.*

In the case of Lester H. Cotton, Pl'ff in Error, *vs.* Duncan C. Reed, Deft. in Error, from the Circuit Court of Milwaukee county, the argument was commenced by N. J. Emmons, Esq., for the Pl'ff. in Error, and was not concluded when Court adjourned.

"BARSTOW AND THE BALANCE."—Some strange looking nondescript sheet iron continuations have been added to the chimneys of the Capital House. At a little distance they resemble the specimens of ancient armor on exhibition at the Crystal Palace. A laughable incident occurred yesterday in connection with them. A somewhat unsophisticated youth from the country who had read considerable about "Barstow and the Balance," during the late campaign, and had formed a rather curious, but vivid idea of the appearance of those individuals, was coming into town, and of course, was on a sharp look-out for "the elephant." Just before reaching the corner of the Capital Park, the aforesaid continuations attracted his notice, and he was heard to exclaim: "Hello! darn my skin, ef there aint Barstow and the balance on 'em I *guess*, up onto the top of that air tall house! Blazes! aint they a goin' it?—Ef they smoke like that long, I guess cigars 'll be skurce in this vycinity. I reckon Jonathan better raise an extra crop o' tobacker next year."—*Madison Journal.*

Concert for the Dannan Monument Fund.

Messrs. Editors:

I trust that you will remind your readers of the concert this evening, to be given by about 100 Sunday School children for the benefit of the Monument fund. I attended the concert given by them last week, under the direction of Mr. Sandford, and was delighted with the performances. To see so many young Misses all dressed in white, with white wreaths on their heads, were well worth going to see, if they had not sung a note. But the pieces were excellently sung, particularly the "Mower's Song," "Swiss Shepherd's Song," "Hour of Prayer," and last tho' not least the "Song of the Fairies." All of the children from the little Miss of 6 years upwards, kept perfect time and sang correctly. Mr. Sandford has labored among us for a long time, to cultivate in our youth a love of music, a branch of education of great importance, but which is too much neglected, and he has labored without reward; therefore I presume that after this evening, it will be a long time before we can again have the opportunity of listening to a concert of the kind, which is productive of more good than a thousand of those which the majority flock to hear. For these reasons and the object for which the concert is to be given, I hope the house will be crowded.

ENGINE COMPANY NO. 1.—At the annual meeting of this Company, held on the evening of the 6th instant, the Foreman and Assistant Foreman having declined a re-election to the offices they have respectively held for some years past, the following preamble and resolutions were unanimously adopted:

Whereas, Our esteemed Foreman, Rufus King, and 1st Asst. John Lowther, after serving the company and the public most faithfully and efficiently for the term of seven years, now seek an honorable discharge from the duties and responsibilities of their offices, and whereas it is eminently proper in parting with them after so long and faithful a service, that some fitting expression should be given to the sentiments of respect and esteem for them, by their comrades of Engine Co. No. 1. Therefore

Resolved, That we, the members of Milwaukee Fire Co. No. 1, in acceding to the request of our Foreman, Gen. R. King, and 1st asst. John Lowther, to be excused from further duty in those offices, desire to avail ourselves of the opportunity to express our hearty acknowledgments to them for the zeal, fidelity, and courtesy with which they have, during all this period, acquitted themselves of their official trusts.

Resolved, That as a slight token of our regard, the names of Rufus King and J. Lowther, be inscribed on the list of Honorary Members of Engine Co. No. 1, and that a copy of these resolutions, attested by the signature of the Foreman and Secretary, be published in the city papers.

P. VAN VECHTEN, Foreman.

JOHN DADD, Secretary.

As a further mark of kind feeling towards their old Officers, the Company presented the retiring Foreman with a silver-mounted Trumpet, and the First Assistant with a beautiful breastpin. As the *Wisconsin* of Saturday says, neither the Company nor the public will lose anything by the change of Officers, for the high reputation of old Number One, the Veteran Company of our Fire Department, "is a sufficient guaranty that it will not allow any of its efficiency to be lost."

SALE OF REAL ESTATE.—We learn that HENRY J. NAZRO & Co purchased on Saturday last of JAMES B. MARTIN Esq., 60 feet on East Water, between the stores of J. FURLONG and DURAND & LAWRENCE, for the sum of $18,000. It is the intention of Messrs. NAZRO to erect on this lot, during the current year, a splendid four-story store, 60 by 120 feet, complete in all respects, and urgently required by the increasing demands of their large and prosperous business.

FOWLER'S & WELLS' PUBLICATIONS.—We publish this morning the advertisement of Messrs. Fowler's & Wells' publications, and in doing so we take pleasure in accompanying the publishers' good word for themselves with the remark that among all the newspapers and periodicals which have come under our notice, we have seen none which compare with these for beauty of typographical execution. We do not agree with the school of philosophers whose organs these publications are, but there are many who do, and it must be a comfort to them to read their favorite doctrines in large, handsome type, on clean white paper.

BURGLAR ARRESTED.—Charles Bennett, alias Charles Paine, was arrested on Saturday by Sheriff Page and Deputy Sheriff Beck, for breaking into a room in the Milwaukee House and stealing from a traveler about forty dollars in money, a watch, &c.

Some of the property was found in his possession; and it is probable his services will be required by the State for a season at Waupun.

Fire Department Meeting.

The annual Meeting of our Milwaukee Fire Department, for the election of their Officers (President, Vice President &c.) and for the transaction of business, is to be held this evening.—Members of the several Companies are required to appear in uniform. The meeting is called at 7 o'clock, in the Lecture Room, (1st Floor) Young's Hall.

YOUNG MEN'S ASSOCIATION.—The Lecture of Professor EMERSON, of Beloit College, before the Young Men's Association, Saturday evening, was a well-written and philosophical discourse.—Mr. E. G. RYAN, of this city, delivers the next Lecture of the course, some evening this week.

☞ In our advertising columns this morning will be found the card of Mr. G. D. NORRIS, who having completed his large and handsome Brick Store, near his old stand is ready to receive his friends and customers there.

OFF FOR THE SEAT OF WAR.—We learn that Mr. FREDERICK MENTZ, well known in this city, and formerly an officer in the army of Schleswig-Holstein, left on Friday Morning, for the East, on his way to Turkey, to take an active part in the war against Russia.

SPRING ST. METHODIST CHURCH.—The Rev. W. G. MILLER, former Pastor of the Spring St. M. E. Church, will preach there *this* evening (Monday) at 7 o'clock.

DONATION VISIT.—Notwithstanding the severity of the weather, a very agreeable company of the friends of Rev. Mr. Ingraham met at his house Friday evening, bringing happy faces and tokens of good will. We understand that over $100 were contributed in money.—*Free Dem.*

MEXICAN MUSTANG LINIMENT.

Every day new evidences of the value of this popular medicine reaches the ears of the public. A friend of the Editor's, a contractor on the Pacific Rail Road, told him the other day that he would not be without it on his section on any account, whatever. He finds constant use for it among his hands. The great value of this article has induced many worthless imitations under different, but similar names, but the persons who once use Bragg & Co's. liniment will not be deceived by any vile and rascally cheat who would palm off a spurious preparation on them.

☞ Holloway's Ointment and Pills have effected an Astonishing Cure of an Abscess that the Faculty pronounced Incurable.—Robert Parlett, mariner, of Wolsoken, near Wisbeach, was afflicted with a dreadful abscess in the arm. He had been two years in a Hospital abroad, and for a considerable time in one at home, without receiving the least benefit, and at last was given up by the faculty, who pronounced him to be incurable; but after using Holloway's Ointment and Pills for a short time the wound was completely healed, and his health permanently restored. This can be attested by Mr. Abraham Catlin, and other respectable inhabitants of the parish of Wolsoken.

☞ The unprecedented success of Dr. Urban's An Bacchanalian justifies us in recommending it to all who are afflicted with that terrible Disease for which it is designed as a remedy. We are assured it is fully what it is represented, and that in the hundreds and thousands of case where it has been used, not a single falure has occurr

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who persevere in using them in accordance with the directions, seldom fail in being restored to health

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 17th August, 1853.

To PROFESSOR HOLLOWAY,

SIR,—A Mr. JOSEPH PEXTON, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,

CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,

July 23d, 1853. (Signed) J. GAMIS.

St. Louis Testimony.—Oath before the Mayor.
State of Missouri, County of St. Louis, ss.

Be it remembered, that on this fifth day of May, A. D. 1852, before me, the undersigned, Mayor of the city of St Louis, in the county and state aforesaid, came personally David M. Smythe, who upon his oath says that the following statement is true.
In testimony whereof I hereto set my hand the day and date last aforesaid. JOHN HOW, Mayor.
Soc. Newman, Register.

St. Louis, Mo., May 5, 1853.
Dr A. G. Bragg, & Co.—Gents:—You will probably recollect that I called into your establishment some three weeks since and purchased a fifty cent bottle of your '*Mexican Mustang Liniment.*' My object in doing so was to try its merits upon my daughter's arm, who has been suffering from the effects of a severe dislocation of the elbow *for several years past.*
The excruciating pain consequent upon a false setting of the bone had dwindled and contracted her arm to a puny size, and I considered it a duty devolving upon me to acquaint the community of the beneficial effect your Liniment has produced.
Her arm was drawn to a right angle, and was almost inert and senseless until your invaluable Liniment was applied, since which time I am happy to state she has enjoyed uninterrupted good strength, and can use her arm nearly as pliantly as before it was dislocated.
I would state, however, that prior to trying your unequalled Liniment, I used several other remedies but without the least beneficial result. D. M. SMYTHE.

Mr. Editor:—As a matter of great importance to the afflicted, I wish to make the following statement: About six years ago, my wife was attacked with a slight stroke of Palsy. The whole of her right side and limbs were partially paralyzed. A doctor was called, who bled her copiously in the right arm, which relieved her, and she had no more symptoms of paralysis, until last fall, when the right arm gradually became weak and powerless. Both limbs and the whole of her right side soon became perfectly benumbed, and all voluntary motion was entirely suspended. She was bled again, but without any relief. Even her tongue became paralyzed, so that she could not, at times, speak so as to be understood. She had a brother, Thos Utley, a boy fourteen years old, who had some time previously been cured of a very severe attack of the same disease, by the use of three bottles of the MUSTANG LINIMENT, and we determined to try it in her case, as she had been under the treatment of doctors for several months without any apparent benefit. I obtained one bottle, and commenced rubbing the whole affected side and limbs.—The effect was truly astonishing. In less than a month every symptom of the disease had disappeared. She can use her limbs as freely as ever, and no impediment whatever exists in her articulation. In fact she is perfectly cured; and we bless the day we were induced to use this invaluable Liniment. EDWARD UPMEYER.

PRICES OF THE LINIMENT.—It is put up in bottles of three sizes, and retails at 25 cents, 50 cents and $1 per bottle. The 50 cent and $1 bottles contain fifty and one hundred per cent. more liniment, in proportion to their cost so that money is saved by buying the larger sizes.

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

State of Illinois, Carlyle, June 27th, 1853.
I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE, Ex-Senator United States.

Vincennes, Ind., June 15, 1853.
Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

St. Louis, June 29, 1853.
Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since it's application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

St. Louis, September 20, 1853.
Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.
Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had when I knew him twenty years ago.
I commenced using the Restorative about five weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed
Yours, very respectfully,
N. S. HOLMAN.

Blissfield, June 10, 1853.
Prof Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:

Ottawa, Ill., August 21, 1853.
Prof O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 21st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.
